INDEPENDENT AUDITORS' REPORT

Board of Directors
Skyline Ranch Owners Association
Warren County, Virginia

Report on the Financial Statements

We have audited the accompanying financial statements of Skyline Ranch Owners Association (the "Association"), which comprise the balance sheets as of December 31, 2013 and 2012, and the related statements of revenues and expenses, changes in members' deficit, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Association as of December 31, 2013 and 2012, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Disclaimer of Opinion on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the information on future major repairs and replacements on page 16 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Financial Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Skyline Ranch Owners Association (the "Association") was organized on October 26, 1995, as a Virginia nonprofit corporation. The Association is subject to the requirements of the Virginia Real Estate Time-Share Act (TSA), Chapter 21, Title 54.1, of the Code of Virginia 1950, as amended July 1, 1996. The Association is organized to manage, operate, and maintain a time-share resort known as Skyline Ranch Resort (the "Resort") located in Warren County, Virginia, and may make improvements if agreed upon by the board of directors (board). The units in the Resort are being purchased subject to a multisite time-share program (Note 3). Unless sooner terminated by unanimous consent of all owners or court order, the time-share program (and thus the multisite time-share program) automatically renews for an additional 10 years at 4:00 o'clock p.m. on the first day in January 2060. Thereafter, the time-share program will be automatically extended for additional periods of 10 years each, unless terminated sooner by majority vote of the owners or court order. Upon termination, each unit-week owner will become a tenant in common in fee simple with every other owner, including the right to partition.

Currently, there are two classifications of time-share ownership, as follows:

- (1) Gold time-share: A gold time-share is an ownership in a specifically designated time-share unit; a treeloft chalet which gives its owner the specific right to use the time-share unit during a designated unit week on a recurring basis subject to a first come, first served, space available basis. A gold time-share includes the rights of the bronze time-share.
- (2) Bronze time-share: A bronze time-share is an ownership in an unspecified campsite designated for use by a bronze time-share owner on a recurring basis subject to the occupancy level and the occupancy period. A bronze time-share is subject to a first come, first served, space available basis. A bronze time-share does not include the rights of the gold time-share.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accounts Receivable

Accounts receivable are uncollateralized owner obligations which require payment at specified terms. Account balances with invoices past 30 days are considered delinquent. Payments of accounts receivable are applied to the specific invoices identified on the owner's remittance advice. The carrying amount of accounts receivable is reduced by a valuation allowance that reflects management's best estimate of amounts that will not be collected. The allowance for doubtful accounts is based on management's assessment of the collectibility of specific owner accounts and the aging of the accounts receivable. All accounts or portions thereof deemed to be uncollectible or to require an excessive collection cost are written off to the allowance for doubtful accounts.

Inventories

Inventories are stated at the lower of cost on the first-in, first-out (FIFO) basis, or market.

Property, Equipment, Depreciation, and Amortization

The Association records property and equipment at cost and calculates depreciation using accelerated depreciation methods over the assets' estimated useful lives ranging from three to 39 years. These depreciation methods are also used for income tax purposes. Leasehold improvements are amortized over the life of the lease, which is an annual renewable lease.

Real property owned by individual unit owners in common, and improvements made by the Association to such property, are not capitalized in the financial statements.

Expenditures for repairs and maintenance, which do not materially extend the useful lives of assets, are charged to expense when incurred. Expenditures for betterments to property and equipment are capitalized.

Impairment of Long-Lived Assets

The Association reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of carrying amount or the fair value less costs to sell.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Maintenance Fees

Fees are approved by the Board of the Association based upon budgeted expenditures of the time-share program. Maintenance fees are used for paying time-share estate occupancy expenses as defined in the public offering statement. The maintenance fee was established at \$615 for 2013 and 2012, but may be increased by up to 10% annually.

Advertising

Advertising costs are charged to expense when incurred.

Income Taxes

The Association was incorporated as a nonprofit corporation under Chapter 10 of Title 13.1 of the Virginia Code Section 13.1-801, as amended. For federal income tax purposes, the Association is treated as a taxable membership organization pursuant to Section 277 of the Internal Revenue Code.

The Association has adopted ASC 740-10, *Income Taxes*, as it relates to uncertain tax positions, and has evaluated its tax position taken for all open tax years. The Association believes that there are no material uncertain tax positions in accordance with applicable standards.

The federal and state income tax returns of the Association for 2013, 2012, 2011, and 2010 are subject to examination by the Internal Revenue Service (IRS) and state taxing authorities, generally for three years after they are filed.

Deferred Income Taxes

Deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences, operating losses, and tax credit carryforwards. Deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax basis. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more-likely-than-not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

NOTE 3 - MULTISITE TIME-SHARE PROGRAM

A purchaser of a gold time-share interest in the Resort has the opportunity to become a member of Resort Condominium International, Inc. (RCI), a multisite time-share program. Subject to availability and pursuant to the rules and regulations of RCI, members can exchange a week of usage at the Resort for a similar week at another RCI member resort.

NOTE 4 - TIME-SHARE FACILITY

The Resort is a residential time-share development with a maximum of 500 time-share units. At December 31, 2013, there were 137 campsites and 18 tree loft chalets available. The tree loft chalets are subdivided into 52 use periods. The facilities officially opened on October 25, 1995.

NOTE 5 - RELATED PARTY TRANSACTIONS

Management Fees

On October 31, 1995, the Association entered into an agreement with Project Management, Inc. (PMI) to provide for the management, operation, and maintenance of the Resort. PMI is owned by certain board members of the Association.

NOTE 5 - RELATED PARTY TRANSACTIONS (continued)

Management Fees (continued)

The initial term of the agreement expired on October 31, 1998. This agreement is automatically renewed for successive three-year periods, until terminated. The Association can terminate the agreement by vote of the owners pursuant to the provisions of the TSA. PMI can terminate the agreement if they are at any time hindered in their management performance by owners or guests upon 60-days written notice to the Association.

Fees under the agreement are based on an amount equal to 15% of the operating budget. In addition, PMI is to be reimbursed by the Association for certain costs incurred in connection with their performance, including salaries. PMI will also earn additional compensation equal to the difference between the total amount of maintenance fees, dues, or special assessments collected and the aggregate amount of time-share program expenses incurred during the year, but not to exceed \$50,000. For the years ended December 31, 2013 and 2012, PMI waived all management fees.

Developer

The developer of the Association is Skyline Resort, Inc. (the "Developer"), which is owned by certain board members of the Association. Pursuant to Virginia statutes, the Developer guaranteed to each owner through December 31, 2013, that the total annual maintenance fee for common expenses of the Resort would not exceed \$615 per owner.

On December 31, 2013 and 2012, the Association signed a note payable to the Developer stipulating that all principal and accrued interest shall be due upon written demand, which may not be made until one year and one day after the date of the note. Interest is to accrue at the Applicable Federal Rates (AFR) published by the IRS, for each month the debt is outstanding. For the years ended December 31, 2013 and 2012, no interest was charged on the note due to the Developer based on a mutual agreement between the Association and the Developer. The balance due on the note was \$1,851,670 and \$1,703,077 at December 31, 2013 and 2012, respectively.

The Association also pays the Developer \$900 a month in rent for use of land for hiking and other activities. \$10,800 was paid for the years ended December 31, 2013 and 2012. This is an annual renewable lease.

During the Initial Board Term (IBT) which expires on January 1, 2050, the Developer has the sole voting rights.

NOTE 5 - RELATED PARTY TRANSACTIONS (continued)

Shenandoah Trail Rides, Inc.

On December 31, 2013 and 2012, the Association signed a note payable to Shenandoah Trail Rides, Inc. stipulating that all principal and accrued interest shall be due upon written demand, which may not be made until one year and one day after the date of the note. Interest is to accrue at the AFR published by the IRS for each month the debt is outstanding. For the years ended December 31, 2013 and 2012, no interest was charged on the note due to Shenandoah Trail Rides, Inc. based on a mutual agreement between the Association and Shenandoah Trail Rides, Inc. The balance on this note was \$186,746 and \$187,200 at December 31, 2013 and 2012, respectively.

Related Party Financing

The Association has received an irrevocable letter of commitment from the owner of the Developer and majority owner of Don Carter Lanes, Inc., to provide cash advances and other financial support needed to meet the Association's cash flow requirements through December 31, 2014.

NOTE 6 - SPECIAL ASSESSMENT AND FUTURE MAJOR REPAIRS AND REPLACEMENTS

The Association's governing documents allow, but do not require, the Association to accumulate funds for working capital, operations, contingencies, improvements, and replacements. Accumulated funds, which aggregate \$46,108 and \$0 at December 31, 2013 and 2012, respectively, are held in separate accounts and are generally not available for operating purposes. It is the Association's policy that interest earned on such funds is available for operating purposes.

The Association's board of directors and developer conducted a study during 2012 to estimate the remaining useful lives and the replacement costs of the common property components. The Association is funding for such major repairs and replacements over the estimated useful lives of the components based on the study's estimates of current replacement costs, considering amounts previously designated for future repairs and replacements. Actual expenditures, however, may vary from the estimated amounts and the variations may be material. Therefore, amounts designated for future repairs and replacements may not be adequate to meet future needs. If additional funds are needed, however, the Association has the right to increase regular assessments or levy special assessments, or it may delay major repairs and replacements until funds are available.

SKYLINE RANCH OWNERS ASSOCIATION
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 6 - SPECIAL ASSESSMENT AND FUTURE MAJOR REPAIRS AND REPLACEMENTS
(continued)

In October, 2013, the Association levied a special assessment equal to \$2,750 for each annual owner and \$1,375 for each biannual owner to assist with funding for several major repairs and capital improvements. The supplementary schedule on page 16 details the proposed use of funds collected from the special assessment. All amounts collected above the total amount on page 16 will be allocated 35% to the Association and 65% to a related party under common ownership. All expenses related to the special assessment are expected to be incurred by December 31, 2014.

NOTE 7 - SUPPLEMENTARY CASH FLOWS INFORMATION

Cash paid for interest was \$48 and \$201 for the years ended December 31, 2013 and 2012, respectively.

NOTE 8 - INCOME TAXES

Net deferred tax asset consisted of net operating loss carryforwards of \$575,000 and \$593,200 at December 31, 2013 and 2012, respectively. A valuation allowance was recorded for \$575,000 and \$593,200 at December 31, 2013 and 2012, respectively.

Realization of the deferred tax asset is dependent upon sufficient future taxable income during the period that deductible temporary differences and carryforwards are expected to be available to reduce taxable income. The amount of the valuation allowance could be increased in the near term if estimates of future taxable income during the carryforward period are reduced.

The Association had approximately \$1,438,000 and \$1,483,000 for the years ended December 31, 2013 and 2012, respectively, in net operating loss carryforwards that are available to offset future taxable income which expire between 2014 and 2031.

NOTE 9 - MANAGEMENT'S PLANS

The Association has suffered recurring losses from operations and negative cash flows from operations in prior years. Management continues to monitor expenses, make efforts to increase collection of annual fees, and use volunteers to do jobs around the time-share property instead of hiring employees. The owner of a related party has made a commitment to continue to fund the Association, as necessary. The plan is to continue these efforts until the Association has positive cash flow on its own. It is management's opinion that the Association has sufficient financial resources to meet its obligations through at least December 31, 2014.

The next board of directors' meeting will be in November 2014 in Rockford, Illinois.

SUPPLEMENTARY INFORMATION ON FUTURE MAJOR REPAIRS
AND REPLACEMENTS (UNAUDITED)
December 31, 2013**

The Association's board of directors and developer conducted a study during 2012 to estimate the remaining useful lives and the replacement costs of the common property components. Replacement costs were based on the estimated costs and do not take into account the effects of inflation between the study and the date that the components will require repair or replacement. The following information is based on the study and presents significant information about the components of the common property. Funding for these repairs and replacements will come from the special assessment levied during 2013 to owners and members.
